Anytime, Anywhere Access - April 2025

[MedAdvisor for Pharmacy](#) is now accessible anytime, anywhere on a laptop or tablet by using a web-browser.

This update will empower your pharmacy with:

- Flexibility to complete and record services anytime, anywhere, giving you the tools you need to run offsite vaccination clinics.
- Manage bookings and leverage our Business Insights portal from the comfort of your home.
- Two-factor authentication also ensures maximum security to keep patient data safe and secure.

To get started, head to https://pharmacy.medadvisor.com.au on your preferred web browser.
